### Room 106 Update!

#### In the Classroom

What fun to hear the preschoolers begin to ask "Would you like to play with me?" The "house" in the dramatic play area is a favorite place to play with new friends. The children are also enjoying building puzzles and playing games together. Ask your child who he or she might like to have a playdate with at home then arrange a time to get together! This will help increase your child's confidence in school as well as continue to build their social skills.

#### Show and Tell

The children were amazing listeners at our first show and tell as each shared what they brought from home. They were so proud to show us their special item. Our next show & tell day is Wednesday, November 9th.

#### Fall Conferences

The sign up sheet for fall conferences is posted just inside the classroom. The conference will be about 15 minutes. We will discuss how your child is adjusting to preschool. Please arrange childcare for your children during this time so we can focus on our discussion. Let me know if you have any questions. I look forward to meeting with all of you!

#### Woodworking

Our first woodworking bench time will be on Tuesday, November 8th. Volunteer to help us build a simple project with hammers & nails. No experience needed!
