Room 106 Update!

In the Classroom

Wow! I am so impressed with how quickly the preschoolers have learned the 3 jobs they need to do when they arrive at preschool. Thank you families for saying goodbye at the door! The children are doing so well playing together and learning our routines and schedule. Ask how they can pour their own water at snack time without spilling! We will continue learning our new friends' names this month through games and songs. I love hearing them ask each other, "What is your name?"

Show and Tell

Our first show and tell day will be Wednesday, October 12th. Your child may bring in one non-violent toy or object to show to the class. We will be working on our group listening skills as well as having fun seeing some of our friends' favorite things.

Halloween Program

On Thursday, October 27th we will be giving a Halloween program (in costume!) for all of you to enjoy. Parents, grandparents, nannies, siblings and friends are all invited to attend. This is an opportunity for us to share some of our favorite fall songs with you and practice being on stage in front of an audience. We hope you can join us at 10:30 for the AM session or 2:00 for the PM session! Your child should arrive at school that day in a non-violent/non-scary costume. Let me know if you have any questions.

Themes

Owls

Fire Safety

Spiders & Bats

Pumpkins

*Check the weekly lesson plans
