Welcome to Room 106!!

Take a look at the routines we
will be following each day!

Beginning of the Day

Preschoolers hang up their purple bags & coats, wash hands, and find their picture attendance stick. After these 3 things are done, the children may play in the centers in the room. For the first few days of preschool you may assist your child. Then we ask that you say goodbye at the classroom door so the preschoolers can take responsibility for this opening routine.

Snack Time

Each day one child will provide snack for the class. Please send the same snack for 12. The snack schedule can be found on the preschool website and will be posted in the hallway. If you need to switch days, please contact another person from the class list to arrange a trade then let me know. Snack time allows us to practice our manners & social skills as well as refuel our bodies. Include your child in selecting a snack to share as this helps build self-esteem!

Purple Bags

Students need to bring their purple bags to school each day as we use them to send artwork, projects & notes home. Please find me on the playground each day at pick up time to collect your child's purple bag.

Sharing Time

On the second Wednesday of each month children may bring in a special toy or object from home to share with the rest of the class. A reminder will be posted by the classroom door the day before to help you & your child remember. Sharing time is an opportunity for children to build their self-esteem as well as increase their confidence in a group.
